

Preface	i
Contents	iii
Introduction	xii
Chapter 1 The Evidence on Securities Class Actions	3
1. Introduction	3
2. Theoretical Issues with Shareholder Class Actions	5
2.1. Frivolous Lawsuits	6
2.1. Plaintiff's Attorney Agency Problems	10
3. Empirical Evidence	12
3.1. The Incidence of Frivolous Lawsuits	13
3.2. Class Action Incidence	33
3.3. Plaintiffs' Attorney Agency Problems	36
3.4. Other Issues	38
4. Implications for Korea	41
4.1. The Size Effect	42
4.2. Regime Choices	43
4.3. Institutional Structure	48
4.4. Class Actions in Korea	52
5. Conclusion	54

Comments on " <i>The Evidence on Securities Class Actions</i> "	62
Chapter 2 Market Reaction to Public Disclosure on Related Party Transactions in Korea	67
1. Introduction	67
2. Capital Market Monitoring and Public disclosure	69
3. Why do we care about related party transactions?	72
4. Hypotheses	76
5. Empirical Study on equity investment in affiliated firms	77
5.1. Estimation of market reaction	77
5. Conclusions and Policy Implications	92
Comments on "Market Reaction to Public Disclosure on Related Party Transactions in Korea"	96

Chapter 3 Predicting Firms' Corporate Governance Choices: Evidence from Korea	101
1. Introduction.....	101
2. Related Literature.....	106
3. Data and Construction of Corporate Governance Index	109
3.1. Sample and Data Sources.....	109
3.2 Construction of the Corporate Governance Index.....	109
4. Overview of Regulatory, Industry, and Firm Factors.....	110
4.1. Regulatory Factors.....	111
4.2 Industry Factors	113
4.3 Firm-Level Factors: Overall Importance and Omitted Variables Issues	114
4.4 Results for Firm-level Economic Variables.....	117
4.5 Results for Subindices and Reduced Indices	126
4.6 Results for Subsamples	130
5. Further Investigation of Selected Firm-Level Variables	130
5.1. Firm Growth and Growth Opportunity	130
5.2. Firm Profitability	131
5.3 Equity Finance Need and External Finance Need	132
6. Conclusion; Avenues for Future Research	137

Chapter 4 Designing a Governance Structure for Corporate Bonds in Korea: Empirical Study on Corporate Bond Indentures	183
1. Introduction.....	183
2. The Korean Bond Market before and after the 1997 Crisis.....	184
2.1. Government Bonds.....	186
2.2. Corporate Bonds	186
3. Cost of Debt before and after Introduction of the Standard Indenture	190
3.1 Data Description	190
3.2. Types of the Bond Indenture	191
3.3. Cost of Debt before and after Introduction of the Standard Indenture	195
4. Institutional Data regarding Corporate Bond Indentures	197
4.1. Dispersion of Bondholders.....	197
4.2 Potential Conflict of Interest for an Indenture Trustee and Underwriter	198
4.3 Fees of Indenture Trustees	198
5. Determinants of the Bond Indenture	204
5.1 Measuring the Degree of Restrictions in Covenants	204

5.2. Determinants of Covenant Agreements	206
5.3. Regression Results.....	207
6. Conclusion	210
Comments on "Designing a Governance Structure of Corporate Bonds in Korea" ..	214
Chapter 5 Enforcing Corporate Governance Structure through Court: The Korean Experience	223
1. Introduction.....	223
2. Case 1: The Korea First Bank [Jeil Bank].....	225
3. Case 2: The Samsung Electronics	231
4. Cases That Might Have Been Brought to Court, But Not (Yet?)	237
5. Conclusion	242
Comment on "Enforcing the Corporate Governance Structure through Court: The Korean Experience"	250
Chapter 6 Shareholder Suits and Outside Director Liability: The Case of Korea.....	257
1. Introduction.....	257
2. Outside Director Liability in the United States.....	259
3. Outside Director Liability Outside the United States.....	265
4. The Korean Situation.....	268
4.1. Recent Legal Changes	268
4.2. Sources of Director Liability	270
4.3. Indemnification	272
4.4. D&O Insurance	273
5. Implications	275
Chapter 7 In Praise of Korea's Approach to Regulating Stock Buybacks	285
1. Introduction.....	285
2. Share Repurchases in Korea	288
2.1 The Use of Share Repurchases in Korea	289
2.2 The Tax Benefit of Share Repurchases for Korean Shareholders	291
3. Share Repurchases: Insider Trading Against The Firm's Own Shareholders	292
3.1. The Insider-Trading Effect of a Repurchase	292
3.2. Managers' Use of Repurchases for Insider Trading	295
3.3. The (at-best) Zero-Sum Nature of Insider Trading	303
3.4. Distorted Payout and Disclosure Policies	305
4. Korea's Better Approach to regulating share repurchases	311

4.1. Disclosure.....	311
4.2. Restrictions on Insiders' Own Trading	318
5. Conclusion	320
Comments on "In Praise of Korea's Approach to Regulating Stock Buybacks"	321
Comments on "Regulating Stock buybacks"	327
Chapter 8 Measuring Share Price Accuracy.....	333
1. Share Price Accuracy	335
1.1. Precise definitions of actual value and share price accuracy	335
1.2. The core determinants of share price accuracy: the existence of information and its reflection in price.....	336
1.3. Speculative noise versus fundamental information.....	339
2. Share Price Informedness.....	341
2.1. The concept.....	341
2.2. Relationship of share price accuracy to price movement.....	342
3. The R ² Methodology.....	348
3.1.Preliminary theoretical considerations	348
3.1.Indirect evidence that R ² is a good inverse proxy for share price accuracy	349
3.3. Direct test of R ² as a proxy for share price accuracy	355
4. Conclusion	356
Comments on "Measuring Share Price Accuracy"	357
Comments on "Measuring Share Price Accuracy"	362
Chapter 9 Introduction of Consolidated Financial Regime and Management of Conflict of Interests Problems	369
1. Issues	369
2. Rationale for Consolidation and Proposed Consolidated Regime.....	371
2.1. Rationale for Consolidation.....	371
2.2. Proposed Consolidated Regimes	375
3. Conflicts of Interests in Financial Institutions	380
3.1. In-house Conflicts in "Independent" Firms under the Current Institutional Regulation	381
3.2. Conflicts arising in "Member" Firms in Financial Group Context	394
3.3. Conflicts in "Member" Firms under Holding company structure	397
3.4. Conflicts in Financial Conglomerates under Proposed Consolidated Regime...398	398
4. Ways of Conflict Managements	401
4.1. Conflict Management under the Current Institutional Acts.....	401

4.2. Conflict Management under the Proposed Regime.....	405
5. Conclusions.....	410
Comments on "Introduction of Consolidated Financial Regime and Management of Conflict of Interests Problems"	412
Chapter 10 Boards: How A Korean Comparison Clarifies Understanding	417
1. Some U.S. History, 1950-2000's.....	421
Chapter 11 Nonprofit Organizations as Investor Protection: Economic Theory and Evidence from East Asia	433
1. Introduction	433
2. Puzzle: The Role of NPOs in East Asian Corporate Governance	439
2.1. Korea.....	439
2.2. Taiwan	441
2.3. Japan.....	443
3. Theory: NPOs, Public Goods, Trust, and Social Entrepreneurship.....	446
4. Application: NPOs as Investor Protection	449
4.1. Corporate Law Enforcement as a Public Good	449
4.2. Corporate Law Enforcement in East Asia: Demand and Supply	451
4.3. Explaining Cross-Country Diversity in NPO Shareholder Activism	458
4.4. Summary.....	464
4.5. Culture as an Alternative Explanation?.....	465
5. Implications	466
5.1. For Comparative Corporate Governance Literature.....	466
5.2. For Corporate Law Enforcement in Transition Economies	469
6. Conclusion	474
Comments on "Nonprofit Organizations as Investor Protection: Economic Theory and Evidence from East Asia "	476
Chapter 12 Ineffective Derivative Suits in Korea.....	481
1. Introduction	481
2. Theoretical Importance of Derivative Suits	484
2.1. Ex Post Liability v. Ex Ante Monitoring.....	484
2.2. Ineffective Ex Ante Monitoring.....	485
2.3. Ineffective Market for Corporate Control	487
3. Legal Framework: Comparison.....	490
3.1. Who Can Bring a Suit?	491

3.2 How Can the Board Interrupt?	492
3.3. Litigation Costs.....	493
4. Social Desirability of Derivative Suits.....	495
4.1. Why Not Common in Korea?.....	495
4.2 Activating Derivative Suits in Korea.....	499
4.3. Criticism: Collusive Settlement.....	501
5. Conclusion	504
Comments on "Ineffective Derivative Suits in Korea"	506
Comments on "Ineffective Derivative Suits in Korea"	511
